RETAIL FOOD ESTABLISHMENT PLAN REVIEW APPLICATION

The **New Jersey State Sanitary Code, Chapter 24. Sanitation in Retail Food Establishments, N.J.A.C. 8:24-9.1** requires that plans and specifications be submitted to the health authority for review whenever a retail food establishment is constructed, renovated or significantly altered or when a structure is converted to use as a retail food establishment. Construction, renovation, alteration or conversion may not be initiated until plans and specifications have been approved by the health and construction authorities.

RETAIL FOOD ESTABLISHMENT PLAN REVIEW FEES (Monmouth County Regional Health Commission #1, Chapter 2. Regulations, Food Establishments, Section 3.2) - The fees for review of retail food establishment plans are based upon the square footage of the structure, or, if a restaurant, upon the seating capacity. Specialized food handling procedure fees are dependent on the type of preparation intended.
