APPOINTMENT OF SECRETARY

The Health Officer has traditionally served as Commission SECRETARY, first per State statute, and when that was withdrawn as a ruling, per MCRHC policy.

Vice-President Giles motioned to reappoint Mr. Henry Commission Secretary, seconded by Les Mathis.

Theresa Casagrande voiced an opinion that there should be a break from tradition to relieve the Health Officer from the housekeeping duties that are part of this appointment by having Heather Frketich, Office Coordinator assume this title for 2017. She has authored the minutes by request, not by job description, since 2004. The Commission suggested that Mrs. Frketich work with the Health Officer to determine how they want to handle other items during the meeting (ex. roll call votes, Closed Session minutes, and witnessing President’s signature on resolutions) but thought it might help Dave if he were able to experience full uninterrupted participation as CEO by being relieved of these tasks.
ELECTIONS/APPOINTMENTS (continued):

Vice-President Giles motioned to approve both the appointment of Heather Frketich as 2017 Commission Secretary and David Henry as Commission Secretary Pro Tem, seconded by Theresa Casagrande.

APPOINTMENTS (continued):

Resolution 2017-10
CONTRACT FOR PUBLIC HEALTH NURSING SERVICES - Visiting Nurse Association of Central NJ –

A somewhat lengthy discussion regarding what this resolution covers and continuing concerns on the part of MCRHC municipalities was held.

While we need an agreement in place so we can cover town’s needs, negotiations with the VNA continue. Working toward development of a revised uniform services rate and hopes for a better economy of scale for all MCRHC towns to contract with the VNA.

No raise in fees for basic services– not to exceed $45,000.00, however how is it divided? President Roman advised there is a formula and it is not evenly divided among pass through user towns.

4 towns covered by MCRHC PHN
7 towns pay VNA through MCRHC as a pass-through
10 towns handle their own contracts for nursing services

ADDITIONAL: TB case management = $110.00/hour
ADDITIONAL: Lead case management = $146.00/Hours

MCRHC Staff needs TB case testing and training/A physician’s release is required to ensure a DOT individual is non-contagious.

It has been determined that a properly trained individual hired per diem can perform the DOT’s. It is not imperative that this duty has to fall on a nurse or REHS. An alternative is to pay the rate the MCHD’s rate of $7,000 per TB case. There will be a need for ongoing reevaluation of the most cost-effective ways to handle Direct Observe Therapy cases

New state mandates – just not sure how many cases of TB, STD, Lead, Zika or Ebola we will be faced with in the future. The LHD push is to advocate for state funds otherwise costs spill down to the towns statewide.

What would happen if certain town contracts were not renewed? MCRHC has a statutory obligation to provide contract or in-house nursing service which will be billed.

The VNA assigns 1 PHN to cover all of Monmouth County except for MCHD jurisdiction.

Since per Schedule B pg. 8 #2 this is not an open-ended contract – if service costs approach $45,000 limit after which further negotiations would be necessary or service hours would need to be added to the workload component of the 4 towns the PHN covers.

Vinnie Buttiglieri motioned to authorize the award of a contract for public health nursing services for certain MCRHC towns to the VNA of Central NJ, seconded by Les Mathis.

HANDOUTS: Update of After Hours/On-Call Policy and Procedures
Employee Carryover time from 2016-2017

Mr. Henry reported on:

The Health Officer provided an update to the Board members on the continuing success of the After Hours/On-Call Policy and Procedures 2014 switchover from an after-hours answering service contract to the Health Officer receiving and filtering all calls. (statistics provided in handout). This is the first of a continuing set of reports to be provided to the Human Resources Committee and the Commission to monitor such areas of quality improvement. Benefits have included reduced REHS overtime, reduced vehicle usage, quicker response times all resulting in cost savings and increased Performance Management.

A second procedural improvement was the designating of the MCRHC as a weekly state courier pickup site which provides savings in the way of REHS time and vehicle usage for trips to the State Lab in Trenton. The service has benefitted many Consortium members also.

He advised that December was a busy month with a quickly approaching February deadline for submission of Accreditation documentation. In addition to the numerous hours staff is dedicating to this endeavor we have a previous intern back to help along with a new intern to help organize and upload data.

GOVERNANCE COMMITTEE: No Report

OPERATIONS COMMITTEE: No Report

OLD BUSINESS:

President Roman updated the Commission on the status of the proposal to provide local public health services to the Borough of Bradley Beach stating that they will stay with the Monmouth County Health Department. Acting Administrator Anthony Muscillo has been very pleasant and forthright to work with. There were good negotiations yet even with the MCRHC price quote being lower a strong letter from the County Health Officer discussed at a town meeting had major impact on the Borough’s decision to remain with MCHD.

NEW BUSINESS:

Resolution 2017-6
WEBSITE CONTRACT RENEWAL: The City Connections annual contract for renewal beginning January 1, 2017 and ending December 31, 2017 in the amount of $2,600.00.

Les Mathis motioned to renew the City Connections Web Page Development & Maintenance Agreement for 2016. The motion was seconded by Jim Langenberger.

Attorney Padula pointed out the wording in Item #1, DESCRIPTION OF SERVICES. The requested it be eliminated due to its vague nature regarding how many updates would be considered too many resulting in additional cost to MCRHC. The Health Officer will address the concern with the vendor.

Theresa Casagrande was concerned about the percentage of increase over the 2016 contract, thinking it was slightly high. Once Heather Frketich pulled the previous contract which was $2,548.00 verifying the increase was actually minimal.
NEW BUSINESS (continued):

In the future, Theresa Casagrande feels that a short history (comparison of old and new figures) provided to Commissioners with each Resolution involving a contract or vote on money would expedite the voting process.

Resolution 2017-7

IT SUPPORT CONTRACT RENEWAL: The Internetworx contract for renewal beginning January 1, 2017 and ending December 31, 2017 in the amount of $107.00 per hour.

Because the agreement also noted a $99.00 rate for pre-payment of 20 hours in 2017, the Commission wishes to request the lower pre-paid rate due to the fact that as a government entity they can’t pre-pay for services that are not guaranteed to be utilized.

The vote on this contract renewal is deferred.

The Health Officer will address the request with the vendor.

2017 Organizational Chart: Please forward any changes to Mrs. Frketich who will prepare this document for distribution at the February 28th meeting.

MCRHC PROPOSED ORDINANCE 17-06:

The Health Officer presented the proposed amendments to Ordinance 17-06, currently Ordinance 16-06 establishing and fixing fees for non-food inspection services. The changes include added fees to section 1.3 targeting Private Recreational Bathing Facilities (non-private). These are licensing fees that MCRHC towns would collect. The idea was proposed by an MCRHC member town.

In addition, under section 1.7 New Jersey Smoke Free Air Act the (renewal of notice of claim of exemption) to be collected by MCRHC.

PRESIDENT’S REPORT:

Cat Licensing by municipalities – revenue generation for individual municipalities – currently being worked through in Long Branch.

President Roman was pleased to announce that Senator Loretta Weinberg a NJ legislature advocate for increasing state funding to local health departments has received the NJPHA Dr. Ezra Monday Hunt award. Dr. Hunt was a pioneer in NJ Public Health.

The NJ DOH is urging residents to have their homes tested for radon. Free kits are available. Sporadic readings have resulted even in the same neighborhood.

This article discussed NJ as the US state having dedicated the lowest amount of dollars to preventing teenage smoking. President Roman reminded the Commission members of a past attempt to join other local health departments in licensing e-cigarette sales establishments. It had not received a majority vote. He is asking for reconsideration by our members of this proposed new licensing in 2017 to help in regulating the industry. A secondary positive outcome is revenue generation for the health commission. Most vendors are willing to pay the fee due to the profits they receive.
There being no further business, the meeting adjourned at 7:59 pm on a motion by John Mack, seconded by Les Mathis.

VOTE: Unanimous
