Approved Minutes December 27, 2017
BUDGET & FINANCE COMMITTEE:

Vice-President Giles advised that he and Joe Nardone of the Budget & Finance Committee met last week with the CFO, the Health Officer and President Roman.

They reviewed Attorney Padula’s opinion letter addressing the question of verbiage in reference to the specific methodology used to calculate town assessments. He finds the town contracts in line with the assessment method because of the October 2010 resolution passed by the Commission setting that method.

Any new assessment method is being tabled for a lot more needed research. Even though nursing changes are in transition and not all Commission members can agree, the Budget & Finance Committee recommends putting the new budget forth as proposed.

The attorney’s advisement going forward would be to restructure the contracts and to draw up an Ordinance to standardize/reflect the allocation method used in the MCRHC budget process.

PAYMENT OF BILLS:

Treasurer Finnerty motioned to pay the November 2017 bills in the amount of $147,709.81; motion was seconded by John Mack.

It was stated that other positions still pending were discussed in Closed Session.
The Health Officer provided information on the Roles and Responsibilities of Public Health Nursing in tonight’s folders.

UNION CONTRACT NEGOTIATIONS: the first negotiations meeting is scheduled to be held on the evening of December 14, 2017 6:00 pm. It was determined that having the MCRHC Attorney there would provide a better chance for minimal delay during the talks.

President Roman advised that the HEALTH OFFICER’S CONTRACT is now due for negotiation as of September 9, 2017. President Roman has forwarded his comments on Mr. Henry’s evaluation to the Human Resources Committee. Following the Committee’s input, they will meet with the Health Officer for his review/comments.

OPERATIONS COMMITTEE:  No Report

GOVERNANCE COMMITTEE:  No Report
OLD BUSINESS (continued):

LEAD update – As reported at several past meetings, there is a new lower standard requiring action (5 micrograms per deciliter). The MCRHC is dealing with two active lead cases. No reimbursement is currently available. A grant application is in process in conjunction with the MCHD. Despite a former state philosophy, all LHDs are now welcome to apply for the funding. 

WALL TOWNSHIP: A positive and constructive meeting was held with Wall Township Administration (The Health Officer and President Roman in attendance) in regard to questions they posed about MCRHC services and charges. The Health Officer and staff prepared a 2 page written response to their questions.

It was learned that the township had received public health services pricing from another source. Commissioner comment relayed the consensus that Wall has and is receiving a favorable assessment for the MCRHC services they are rendered.

VNA: Decision is made to wait for an additional 6 months data (to be gathered by February 2018) to validate workload for the purposes of assessment to provide a better overall picture of actual services/costs.

President Roman and the Health Officer felt it important to repeat that MCRHC towns will not be left uncovered for any period of time while MCRHC PHN position is vacant or if currently uncompensated VNA care is required within a municipality prior to an overall nursing contracts resolution. They assured the Commission that all needed services will be provided.

Resolution 2017-33 (should be numbered 2017-36)

RFP – ACCREDITATION CONSULTANT: Two LLC’s have sent in applications for the consultant position from which Mr. Henry has chosen “Strategic Health Solutions, LLC of Bloomfield, NJ based on their experience and references. Upon approval, a first meeting will be scheduled for December 4, 2017.

March 23, 2018 is the deadline date at which point we will have one month to upload all documentation to the PHAB website.

Strategic Health Solutions, LLC will be added to the list to receive a copy of the approved resolution. Still to be detailed in the form of a contract is an agreed upon payment plan for the work to be completed. Vice-President Giles also advised inclusion of a stipulation for termination if the job expectations are not being fulfilled as required. He also wanted to look ahead when commenting on the current need for outsourcing of the accreditation preparation job. He asked about our staff being versed to carry out future work and five year renewal applications going forward. President Roman and the Health Officer responded the staff has already contributed their knowledge and expertise, and have been participating in webinar and classroom trainings offered but the obstacles at this time involve 1) loss of staff creating a heavier workload until replacements are found, and 2) preparation time until the deadline of March 2018 is short.
OLD BUSINESS (continued):

Liz Finnerty motioned to approve the hire of Strategic Health Solutions, LLC at a cost not to exceed $16,000, seconded by Vinnie Buttliglieri.

*IMPORTANT REMINDER:*

November Meeting Date is scheduled for Tuesday, December 19, 2017. Please make every effort to attend.

Proposed MCRHC ORDINANCE 2017-4 – An Ordinance Amending a Code Regulating Food and Beverage Vending Machines and Fixing Fees for Licensing Thereof, and Penalties for Violations Thereof.

The process of licensing will remain as is for this renewal year. To be re-evaluated in 2018.

2018 PROPOSED MCRHC HEALTH SERVICES BUDGET

**GENERAL**

Vice-President Giles very briefly reviewed the October 24th health services budget discussion. Some items are a work in progress and present a change in every town’s assessment.

CFO Steve Gallagher continued

As reported at the October meeting, the Freehold Area Health Department is only in the MPHC for HE services (decided to no longer use our investigator/Epi but a line item has been incorporated to use Freehold’s personnel for more complicated disease investigations). This leaves MCRHC to fund a greater portion of the MPHC budget.

**NURSING**

The MCRHC PHN services all MCRHC towns creating a radical departure from past budgets in assessing this service. The goal has become to make our in-house nursing component primary in our towns, keeping VNA service as backup in each municipality. This coupled with
BUDGET (continued):

President Roman and the Health Officer’s slow but steady progress in the renegotiation of a more tangible and equitable contract figures should provide the best overall nursing coverage and costs once completely ironed out. We are hoping future operation would include avoiding individual contracts by town and working off one main contract through MCRHC.

Dr. Sullivan reiterated his concern that population is not and should not be the basis of a town’s nursing assessment. It is very hard to buy into any assessment without a strong history or recordkeeping component of the workload of the PHN or the VNA to date. All agreed more in-house documentation detail must occur similar to the workload tracking of the REHS staff. All towns will be provided with nursing services numbers once they are received.

Vice-President Giles commented we may be one year premature on gathering nursing data for better reallocation of town nursing fees. These calculations could be left out for 2018.
