HEALTH OFFICER’S REPORT:

The January 2018 Health Officer’s Report (reflecting December 2017 activity), the December 2017 Conferences & Meetings, and the December 2017 CDRSS Reports were previously mailed/e-mailed.

Mr. Henry reported on:

Childhood Lead Exposure NJDOH Grant a six-fold increase in the number of lead cases is projected with the lowering of the blood lead level threshold from 10 mcg/decaliter to 5 mcg/decaliter. Cases are reported in a LeadTrax database and will affect the workloads of the PHN, the REHS staff and the Health Educator.

The Health Officers have been requesting funding for this public health area since 2015. 21 Local health departments applied.  MCRHC applied as a sub-grantee under the MCHD. The group is prepping to apply for a second round of grant funding which will be for a full calendar year to begin in July 2018.

Amount of grant received is $37,225. The grant runs from January 1 to June 30, 2018. A tracking component involving time charts and invoices will be utilized to track costs leading to our reimbursement of funds that we use.

A quality improvement project piece PLAN-DO-STUDY-ACT has developed as part of the new lead regulations which has not been adequately addressed at this point; How to best address preventative measures for pregnant women with high blood lead levels

CONTINUING INHOUSE QUALITY IMPROVEMENT

ACCREDITATION
The contractors have been meeting multiple times and communicate weekly with staff resulting in good recommendations. We need to work quickly through items to make the March 23rd deadline at which point all document uploading will begin.

Questions
1) When do consultant services end? Through April 22nd
2) Will the consultant firm be present during our site visit? No definitive contract for that
Comments: consultants should stand behind their work and not for additional money. If things need to be fixed following our site visit, they should see it through in part to uphold their reputation. The Commission does not intend to pay any more.

PERSONNEL POLICY REVISIONS

The Commissioners were e-mailed the entire policy with the proposed revisions highlighted. President Roman stated a last vote on the document occurred in June 2013. At this point Theresa Casagrande asked if there has been a review of the policy by JIF. He responded no, however our labor counsel has reviewed, the highlights. The Commission consensus was to have it submitted to JIF, thus deferring the vote to the February 27th meeting. The Health Officer and President Roman explained the importance of the Commission’s action on this document for the Accreditation process as it is a core document that will be presented in several domains. The Board members were asked to prioritize it in February.
NEW BUSINESS (continued)

TOWN LICENSING DISCUSSION

Keri Pagnoni from Wall Township wanted to present a question in regard to food establishment inspections coinciding with Wall’s food licensing. Mainly of concern are locations that house several operations (ex. a grocery store or a church). The town is requesting clear guidelines on their licensing process. An additional comment referred to the possibility that not all applicable sections are being inspected.

Several members present supported the position that each independent license requires an inspection as a “Satisfactory” posting is necessary to issue a license.

Mr. Henry stated that

1) MCRHC does consistently inspect all applicable food operations. Some subcontracted areas may be incorporated onto one inspection report. If there are modifications to a facility, the REHS staff does a plan review and a pre-operational inspection.

2) MCRHC does not advise a township how to license the businesses they inspect, that question might better be posed to the municipality’s attorney. Ms. Pagnoni disagreed, stating the opinion that this question should be posed to the MCRHC attorney.

At a point, mobile food truck inspections were brought into the discussion. If at an event they all receive separate inspections at each event they attend. The Health Officer informed those present that the State is looking to streamline special events vendor inspections, but nothing has been determined to date.

PUBLIC COMMENT PERIOD:
Mayor Vito Perillo was happy to be in attendance and commends the work of the Commission. He remarked that he’s had a revelation of what goes on behind the scenes is impressive.

   without a witness signature.

President Roman gave a thank you for the vote of confidence as we march on.
