HEALTH OFFICER’S REPORT:

A successful summer so far, with Spring Lake beach being the only beach closed for 24 hours. We are still waiting for full lead grant approval. MCRHC working with Mosquito Commission, there have been no reports of West Nile Virus. One case of equine encephalitis has been reported. Our new website is set to “go live” in September, 2019. There has been an increase of Cyclospora cases in New Jersey with Basil being identified as being the likely source. Second quarter Communicable Disease Report will be distributed in a future mailing. Health Officer participated in a Sustainable NJ project for Public Health. A task force was formed to set up “Gold Standard” for sustainability. A Red Bank resident did soil testing of the Community Garden without town permission. Test results showed high level of lead. Garden is closed until further notice. We are working along with VNA, Boro Attorney, Public Works, Town Administrator & Engineers to continue monitoring situation. New samples were taken and will receive results in about 2 weeks.

Theresa Casagrande asked if any Toxic Algae has been reported in bodies of water in our area. Dave Henry responded there were no reports in any of our towns. The closest location affected was the Manasquan Reservoir in Howell Twp.

Finally, a 21 day measles monitoring for a resident living in Middletown is in progress, until August 28, 2019.

Dr. Meg Fisher motioned to accept the Health Officer’s Report as presented, seconded by Theresa Casagrande.
